

TECHNICAL DATA SHEET

Gorilla Tape

Product description:	Gorilla Tape is a black single-coated tape with robust, aggressive adhesive of natural rubber and liner of extra durable waterproof polyethylene film. Gorilla Tape has a superior bond to many low surface energy surfaces as well as wood, fibreglass and metal. The tape has an excellent vapour barrier, a superior abrasion resistance and gives durable high tensile cloth reinforcement. Gorilla Tape has an exceptional strength and is hand tearable.
Application:	Gorilla Tape is suitable for sealing the following non-roofing applications as surface protection, waterproofing and patching, temporary bonding.

Technical data

Available size:	48 mm x 32 m (breadth x length)
Available color:	Black
Total thickness:	0,4318 mm
Adhesion to steel:	31 N/25mm (room temperature)
Adhesion to backing:	25 N/25mm
Tensile:	258 N/25mm (machine direction)
Maximum application temperature:	93° C

Our technical staffs are always happy to provide advice and guidance regarding use of our adhesive products. The above data is only advisory, as actual use of the products is outside our control.
