POWERPLUS

POWEG63731

LAWNMOWER 150CC

The POWEG63731 150cc petrol lawnmower is the perfect entry-level model for lawns of up to 500m². The four-stroke engine provides 2.4kW of mowing power and ensures the necessary freedom of movement, without getting entangled in extension cords or having to deal with empty batteries. The engine works on E10 fuel, which makes it more environmentally friendly than comparable two-stroke engines. Its easy-start function relieves the arm and simplifies the starting process.

The Powerplus garden tool is equipped with three cutting heights and features a cutting width of 390mm. The cut grass can be collected in the 40 litre collector bag, but the lawnmower works just as good without it. Is the collector bag full? It can be detached and emptied easily. With its foldable soft grip handle bar, the POWEG63731 can be stored space-savily.

TECHNICAL SPECIFICATIONS POWEG63731		Features	Box content	Symbols
