

# Discos de láminas lijadoras POLIFAN®

Línea SG alto rendimiento

Acero/INOX/Plástico  
Ejecución SG A

Herramienta profesional de múltiples aplicaciones para todo tipo de lijado. Gran rendimiento de arranque de viruta y excelente duración.

**Abrasivo: corindón A**

Granos: 24, 40, 60, 80 y 120

**Materiales:**

Acero, INOX y plásticos.

**Aplicaciones:**

Lijado de superficies y trabajo de cordones de soldadura.

**Recomendaciones de uso:**

- Simplemente con una ligera presión se logran muy buenos resultados de lijado.
- Para amoladoras angulares de cualquier potencia.

**PFERDERGONOMICS®:**
